

In-Home Nursing

Supporting you to remain comfortable and well at home

Benetas offers a range of nursing support services for all ages, ensuring you or your loved one receives holistic clinical care, without having to leave home. Whether you are recovering from a recent operation or illness, have recently left hospital or need specialised treatment, you can engage our highly skilled nurses for one-off, short term or regular support.

Who do we support?

Benetas is a not-for-profit organisation with a mission to support older Victorians, however our In-Home Nursing services is dedicated to supporting people of all ages.

Our services cater to individuals on a Home Care Package or for those eligible for the DVA Community Nursing Program, Hospital in the Home or Post-Acute care funding. We also provide a private nursing service.

Nursing services available

We offer acute and chronic nursing care, as well as ongoing monitoring and support including:

- Hospital in the home care
- Post-acute care
- Managing complex acute and chronic wounds
- Medication management and supervision
- Administering intravenous medication
- Continence management and catheter care
- Diabetes management
- Infusion therapy
- Assistance with daily living requirements including application of compression stockings, medication prompting and general wellbeing checks

Assessments

We offer comprehensive, holistic and clinical nursing assessments for you in your own home, and can provide recommendations and care plans for safe ongoing support or for the prevention of failing health. These assessments can include cognition screening, support for continence issues, falls and safety, medication management, diabetes management and wound care support.

Supporting you is our priority

If you or your loved one needs nursing care at home. Please call us on 8804 1170 to speak to one of our Clinical Staff.
