Staying at Home Longer

Benetas Home Care puts you in control, providing the support you need to safely stay at home, remain connected to your community and live your best life as you age.

Your Home Care, Your Way

Our friendly, expert staff genuinely listen to you. We work closely with you to find the in-home services that will relieve some of the stresses of everyday life, giving you more time and peace of mind to enjoy living at home longer.

Whatever your needs and however they change, we'll guide you through your home care options and tailor our support according to your choices – you're always in the driver's seat.

Some of Our Services

We offer a wide range of services and supports to fit your needs, your lifestyle and your budget including:

Personal Care

Respite Care

Shopping

Transport

Domestic Services

Nursing Care

Social Connection

Health Care & Therapeutic Services

Meal Prep

Your Team

When you choose Benetas Home Care we build a caring team of people around you who put your needs first. From your personal client advisor to the expert staff and carers who come into your home, your dedicated team will get to know your needs and preferences. With warm-hearted care, they'll make sure you get the help you need, in the way you want it. At the same time, you'll get to know your team, building trust, rapport – even friendships – with the people who are there to support you.

Not-for-profit

A History of Care

We have been providing exceptional quality care and support to older Australians since 1948. We're one of the largest providers of home care, residential care, retirement living and community health services in Victoria, allowing us to deliver compassionate care at every stage of the ageing journey.

Reflecting our Anglican heritage, we're a proudly not-for-profit organisation that puts people first. All of our surplus funds are reinvested back into providing you with the best possible services delivered by highly trained, genuinely caring staff.

Danny, my Carer from Benetas, is amazing. He's gone out of his way to connect with my neighbour so I have more help around me."

Paul, 77, Benetas Home Care client

Safety First

We take every measure to ensure your safety and wellbeing at home.

Our staff are rigorously selected and have the qualifications and experience to provide you with expert care and support in your home. For your peace of mind, all staff undergo comprehensive background, reference and Victoria police record checks.

All our staff and carers are fully vaccinated. Staff who enter your home will strictly adhere to our COVID-safe protocols.

Let us help you live
your best life at
home for longer.
